

TEAM BOX

BY STRÄHLE

TEAMBOX TB.2

The space for creative teamwork.

The TB.2 is an eye-catcher in any office setting, creating the ideal environment for meetings or brainstorming for one to four people. Use them to host conferences, including virtual ones, without external noises causing disturbance.

1. DESIGN

The first flush-mounted glazed room-in-room system. Flexible layout options thanks to customisable furnishings.

2. ACOUSTICS

High sound insulation and pleasant room acoustics for maximum comfort. Speech level difference: $D_{S,A} = 30$ dB (Class A) ISO 23351-1.

3. DIRECT FROM THE MANUFACTURER

Designed and manufactured in Germany. The highest quality standards, precision manufacturing and durable materials.

4. PLUG AND PLAY

The Teambox is delivered in just 15 sections and takes next to no time to install.

5. WELL VENTILATED

Ventilation system with infinitely variable control via a touch panel.

6. SUSTAINABILITY

Selected materials and their high flexibility in use make the Teambox a sustainable office element.

7. LEASING MODEL

Our Teamboxes are also available under a flexible leasing model – perfect for anyone who wants to remain independent.

TB.2

LENGTH
2,200 mm

WIDTH
1,600 mm

EXTERNAL HEIGHT
2,300 mm

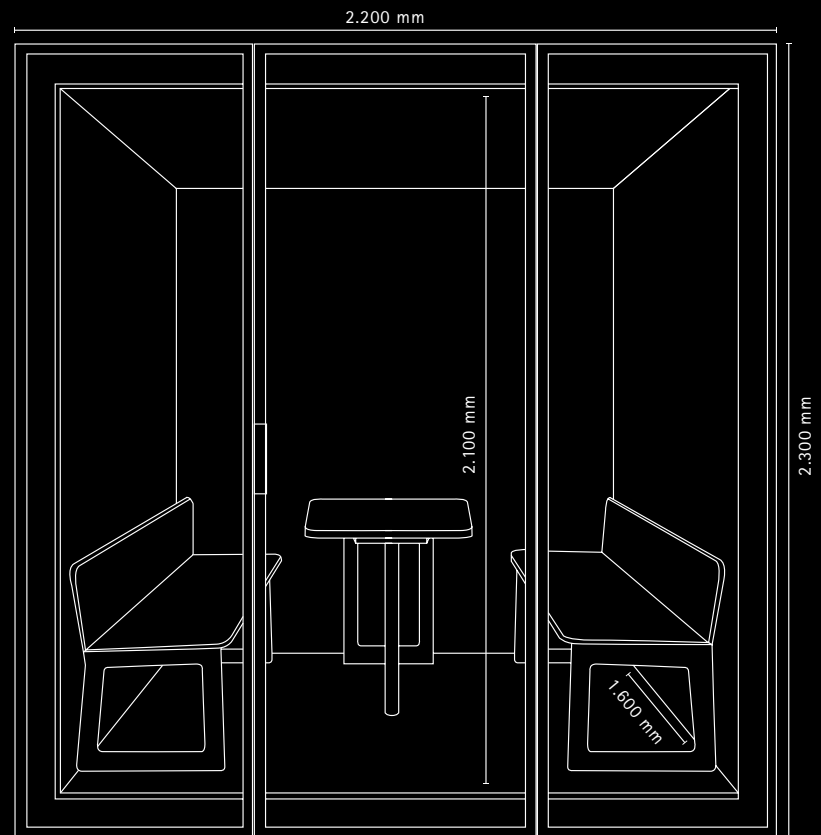

INSIDE HEIGHT
2,100 mm

ACOUSTICS SOUNDPROOFING
 R'_w 37 dB

SPEECH LEVEL DIFFERENCE
 $D_{s,A} = 30$ dB (Class A) ISO 23351-1

REVERBERATION TIME
< 0.5 seconds

VENTILATION
Adjustable up to 210 m³/h

DESIGN

- Solid wall: 100 mm monobloc
- Glass wall: 12 mm laminated safety glass, flush single structural glazing
- Floor: 100 mm monobloc
